Basketball Invitation
Tournament

The event took place at our school's sports complex, aiming to bring together a group of young sports enthusiasts. Through basketball, participants engaged in friendly competition while warmly welcoming National Day, promoting patriotism, and enhancing young people's sense of national identity.

This year's basketball invitation tournament specially invited teams from two secondary schools in Macau, four secondary schools from the Hong Kong Island, and six primary schools. Our school hopes to serve as a platform for promoting basketball, enhancing participation among local and Macau students, and encouraging community interaction through the involvement of parents and local residents in watching the games.

The atmosphere during both days of competition was vibrant, and everyone felt the enthusiasm and support from both participants and spectators. Notably, several guests spare their time through busy schedules to attend, guide the event, and present awards, recognizing the excellent performances of the teams and acknowledging the efforts of the students.

In addition to the exciting basketball matches, the award ceremony featured a spectacular performance celebrating National Day by our school's lion dance team, showcasing the unique charm of Chinese culture and adding to the festive atmosphere.

In summary, we are grateful for the active response and support from all sectors, which contributed to the success of the CLSNP Cup Basketball Invitation Tournament! We look forward to seeing everyone again next year!
